

Hello, we are the Recyclabots! With the help of our friends at EMR Metal Recycling and Currys, we are here to tell you about metal and how it can be recycled.

**ORTIS**

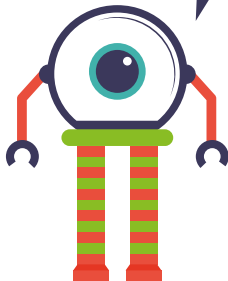

.....  
**ORTIS** – I like to tell people all about different types of metals and where they come from.

**ELECTRO**

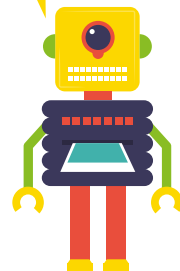

.....  
**ELECTRO** – I like talking about waste electrical items and what is inside them.

**SYCLE**

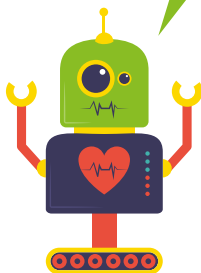

.....  
**SYCLE** – I love telling people why it is good to recycle.

**MAGNUS**

.....  
**MAGNUS** – My job is to tell people how we recycle metal.

**POLY**

.....  
**POLY** – It's not all about metals you know! I love telling people how plastics can also be put to new uses.

Now you've got to know all of the Recylabots, why don't you have a go at creating your own robot? Let us know what your robot is made of and what they like to talk about!

**WHAT IS YOUR RECYLABOT CALLED?**  
\_\_\_\_\_

.....  
What is your robot made out of?

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

.....  
What does it like to talk about?
